

1. suggestions

2. wishes

The imperfect tense (**l'imparfait**) has two primary uses: to describe on-going actions or states of being in the past, and to state habitual actions in the past. The imparfait also has several idiomatic uses found in the following contexts:

suggestions

The imparfait is used to suggest an action in phrases beginning with **Si on**

... ?

Tammy: Si on **achetait** une grosse Suburban?

Tammy: What if we bought a big Suburban?
(note: 'on' is often used in the sense of 'nous')

Tex: Si on **achetait** une Harley Davidson?

Tex: What about buying a Harley Davidson?

wishes

The imparfait is used to express wishes such as '**If only** we didn't have a test this week!' The French equivalent structure, **si** + imparfait, may, or may not, contain the adverb **seulement**:

Tex: Si (seulement) on **avait** plus d'argent!

Tex: If (only) we had more money!

Tammy: Ah, si (seulement) mes parents nous **prêtaient** de l'argent!

Tammy: If only my parents would lend us some money!

Note that the question mark at the end of the sentence indicates a suggestion, and the exclamation mark a wish. In spoken French, however, you have to rely on context and intonation to distinguish between wish and suggestion. Listen to the difference in intonation between these two sentences:

Tammy: Si je me **faisais** tatouer?

Tammy: What if I got tattooed?

Tex: Si seulement je **pouvais** avoir une moto!

Tex: If only I could have a motorcycle!

For other uses of **si** + imparfait, see **si clauses + conditional**. The imparfait also occurs in idiomatic uses with **depuis** and **venir de**.
