

## Identify These Features of a Mosque

Match the term on the right with the definition on the left.

  F   Imam

  H   Mihrab

  G   Minaret

  B   Muezzin

  D   Minbar

  C   Qibla

  E   Ablutions fountain

  A   Cupola

A. A dome that allows light into a covered area that would otherwise be dark.

B. Someone who calls the faithful to prayer.

C. The direction of Mecca, which is often indicated by a niche in the wall.

D. An elevated podium at the front of the mosque where the prayer leader stands to deliver sermons

E. A place where worshippers can wash before prayer.

F. Someone who leads the congregation in prayer.

G. A tall structure that towers over the mosque, allowing for the call to prayer to be called out.

H. A niche in the wall that indicates the direction that people should face when praying.
