

FR 601C/611C Oral Assessment Grading Rubric

Each proficiency task (as listed on “Competencies Checklist”) will be graded in the areas of language control/grammar, vocabulary/content, and pronunciation/fluency according to the following guidelines:

Language Control / Grammar

- 10 Superior control, varied grammatical forms, no errors
- 9.5 Excellent control of grammatical forms for course level
- 8.5 Good control of grammatical forms, structural errors do not affect meaning (adj. agreement, articles; etc.)
- 7.5 More serious structural errors interfere with meaning (conjugation)
- 6.5 Inadequate or inaccurate use of basic structures
- 5 Incomprehensible response

Content / Vocabulary

- 10 Thoughtful, interesting, original content, surprising vocabulary for course level, no errors
- 9.5 Substantial content, rich and varied vocabulary
- 8.5 Adequate content and appropriately used vocabulary
- 7.5 Somewhat inadequate content and minimal vocabulary
- 6.5 Inadequate content, meaning frequently obscured by lack of vocabulary
- 5 Student misunderstood question completely, but did attempt to answer

Pronunciation / Fluency (one overall pronunciation grade assigned)

- 10 Superior pronunciation, smooth intonation, natural sounding, completely understandable by native speaker, no errors
- 9.5 Correct pronunciation / Continuous speech
- 8.5 Does not interfere with communication / Some hesitations
- 7.5 Occasionally interferes with communication / Speech is choppy
- 6.5 Frequently interferes with communication / Speech is halting
- 5 Incomprehensible

You will receive a zero for each unanswered question. Failure to submit your assessment to CLEAR by specified deadline will result in a zero.

You will be allowed to practice before recording your responses. If your instructor suspects that you are **reading** prepared responses, you will automatically receive a ZERO. This will be considered a form of scholastic dishonesty, so don't be tempted! This is not an assessment to see how well you can **read** French.
